Our facility uses NUTS and NUT OILS, SOY PRODUCTS, WHEAT PRODUCTS. We sanitize and clean our equipment after each use, however we do not have designated NUT FREE, ALLERGEN FREE equipment. GUMMY PRODUCTS CONTAIN GELATIN. If you have a concern of the sourcing of the gelatin, please contact us. We have alternative gelatin based products. (beef gelatin v.s. Pork gelatin)

Freeze dried candy goes through the SUBLIMATION. This process uses extreme cold to freeze products. Simultaneously heating the product to release liquids. The product is then put under high pressure. The liquid becomes a gas. The pressurized chamber removes the moisture. Creating a unique mouth feel while enhancing flavors.
