WONDER & WISE<sup>®</sup>  
by asweets

## Play. It's serious stuff.

Play is an important part of life. It's how we first interact with the world, imagine new possibilities, and learn important life skills. Which is why we take play so seriously.

At Wonder & Wise, we're here to inspire today's children to become tomorrow's kind, curious, and creative adults through uniquely inspired, highly imaginative toys, play spaces, bedding, and décor for both child and baby.

From fresh takes on classics to the completely new, every piece is thoughtfully designed using simple materials like fabric and wood, not plastic and circuits — to stimulate development, fuel imagination, and open little hearts and minds to the wonders of the world.

## \* TOYS THAT WORK \*

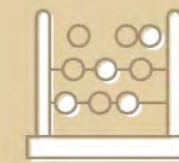

QUIET TIME TO DREAM

FREEDOM TO EXPLORE

MOVEMENT & COORDINATION

SOLVING PROBLEMS

# GREATEST

OF ALL TIME

**G.O.A.T. Scooter**  
designed by **Zso Nemeth**

As part of our outreach program, Wonder & Wise partnered with the Kansas City Art Institute to offer students internships to gain first-hand experience in product design.

Zso Nemeth, a sophomore majoring in illustration and animation at KCAI, worked with our design team to bring a toy to market, from concept through specifications and sample revisions to final product approval. Zso hopes to continue designing toys in the future.

“ Seeing my design come to life as a real toy was so surreal. I hope it will bring as much joy to others as it did for me. ”

**G.O.A.T. Scooter**

# Making **learning FUN!**

Educational toys help support development by encouraging children to learn about the world around them, whether that's through sensory play, learning cause-and-effect, problem solving, or discovering shapes, colors, numbers, letters, and math. Through these toys, kids acquire new skills while they play.

# It's all **FUN** & **GAMES!**

The benefits of active play are far more than just physical – helping foster social skills, creativity, imagination, healthy competition, and camaraderie. Games encourage kids to learn how to include others. It invites them to use their bodies in ways that help kids grow into skilled, coordinated, and strong adults.
