HOVERBOARD HEROES

FRESH ON THE SCENE

INTRODUCING
OUR NEW LINE OF
INSPIRATIONAL
RC HEROES!

Plays
Pre-Loaded
Music!

THE STORY

Where music is flowing, heroes are going. The team of Hoverboard Heroes were spawned from the depths of mad cool beats, loud chunky guitar riffs, and slick lyrical raps. This team of fun and energetic heroes use hoverboards to roll onto the scene. They carry their favorite tunes motivating kids by getting them on their feet to make moves, and music. So grab your remote control and SEND IT. Spread positivity through harmony.

- TECHNO TIGER** is droppin' cool beats!
- HIP HOP HIPPO** is puttin' down slick poetry!
- MOSH PIT MUSTANG** is pickin' it up, and hittin' some high-energy riffs!

HIPPO

BRINGING DA BOOM!

Features:

- Remote-controlled hoverboard
- Plays the character's favorite music.
- Character is removable, so you can swap boards!
- Semi-transparent hoverboard with LED lights for nighttime action.

Recommended age 5+

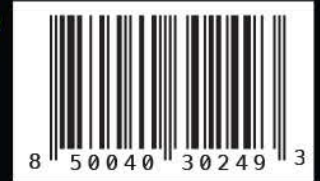

Rechargeable battery (included), RC: 2x AAA Batteries (not included)

Contents:

Hoverboard, Charging Cable, Character, Remote Control, Manual

Keeping up on the coolest beats and freshest lyrics, Hip Hop Hippo brings style to the team. Always keeping tight friendships central to his core. HHH is the glue that keeps the team together.

ODY-102HH

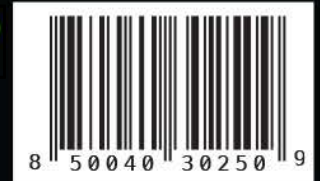

TECHNO TIGER

DROPPIN A BEAT!

ODY-103HH

The exciting and always smiling Techno Tiger is bringing FUN to the stage! TT always knows how to turn a frown upside down and put you on your feet to move and jump around!

Rocking the most edgy flair and unique character, the Mosh Pit Mustang encourages individuality and inclusivity of all. MPM motivates you to be who YOU ARE.

CREEPIY CRITTERS

LURKING LIZARD

Lurking Lizard

Take notice of how the lizard lights up around the neck and mouth area when it speaks – you'll be glad it's not the real thing. The lizard has infrared sensors that sharply react to hand-activated movements. That means that even if you don't have the remote-control transmitter handy, just wave and watch the lizard suddenly lurch forward, ready to pounce. It will quickly establish itself as the alpha toy of your entire collection.

Features:

- Remote control operation
- Frills open and shut with rapid speed
- Hand sensor allows for the impression of trained movement

Age rating 6+

7x AAA batteries required, not included

Contents:

Lurking Lizard, Remote Control, Manual

Odyssey
toys presents

Smithsonian

RC Adventures with **Smithsonian**
Where **History** and **Science** Come to Life!

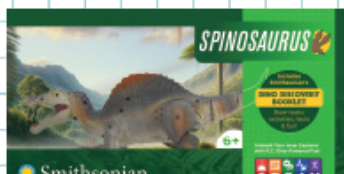

Smithsonian

Introducing Odyssey Toys' STEAM Collection – a unique blend of fun and learning, perfect for any retail shelf!

Approved by Smithsonian experts, these products are a dream, appealing to kids aged 4 to 104. From DIY robotic dinosaurs to an engaging space shuttle drone, each item in our lineup is designed for both high play value and educational impact.

Our toys come with interactive booklets full of fascinating facts and games, verified for accuracy, making them not just toys but tools for discovery. They offer a hands-on approach to STEAM education, making complex concepts in science, technology, engineering, arts, and math accessible and enjoyable.

Stock Odyssey Toys and bring the wonder of learning through play to your customers – it's where education meets imagination on your shelves!

10 THINGS TO KNOW ABOUT...

Speedy Starship
When Discovery lifted off, it would go from 0 to 17,500 mph in just 8.5 minutes.

High Flyers
Discovery traveled a total of 148,221,675 miles. That's like going to the Moon and back over 300 times!

Astronaut Taxi
It carried over 250 astronauts to space. That's like a whole school of space travelers!

Long Journeys
Discovery spent a total of one full year in space if you add up all its trips.

Space Fixers
Discovery's astronauts once fixed the Hubble Space Telescope. It was like being the ultimate handyman, but in space!

Cosmic Cargo
Space Shuttle orbiters could carry equipment as big as school buses into space.

Mighty Lifts
Discovery's engines at lift off roared as loud as 200 jet engines. Even from miles away, it was very loud!

Shuttle Superstar
Discovery was the busiest space shuttle, flying 39 missions.

Starry Sleepovers
The shuttle had sleeping bags attached to the wall. Astronauts had to strap themselves in to sleep, or they'd float around while snoozing!

Sky-High Adventures
After its final mission in 2011, Discovery became a museum exhibit at the Smithsonian, where you can visit this real spaceship.

...THE SPACE SHUTTLE DISCOVERY

CROSSWORD

Using the clues, can you fill in the blanks?

DOWN

- On each side of a plane there is one of these to help it fly through the air (4 letters)
- A super fast plane with roaring engines only piloted by the best of the best (3 letters)
- Something known by only a few people (6 letters)
- An important task or job with a specific goal (7 letters)
- Colors and patterns that help things blend in with their surroundings (10 letters)

ACROSS

- When something makes no noise at all (6 letters)
- A powerful plane that carries and drops explosives in a line (6 letters)
- A really fast and powerful flying machine, perhaps even super (10 letters)
- Moving quietly and cleverly to surprise others (6 letters)
- A special plane that watches from above, gathering info and secrets (7 letters)

Meet the family

At Odyssey Toys, we take immense pride in being a family business dedicated to delivering exceptional quality and innovation. For nearly three decades, and through three generations, we have designed and manufactured top-tier toys and accessories catering to both children and adults.

What sets us apart from other toy manufacturers is our commitment to family values and pursuit of excellence. We strive to provide the finest products and service to our esteemed customers.

Explore a world of wonder with Smithsonian, powered by Odyssey Toys!

Discover Odyssey's very first Smithsonian approved remote controlled and robotic toys. From robotic dinosaurs to high-flying planes and R.C. space shuttles, we've got it all.

These toys aren't just fun, they're STEAM-powered. With Smithsonian's review and approval and Odyssey Toys' innovation, expect the best in play and learning.
